Apart from being a renowned dealer in Fine Art, Everard Read was also a passionate environmentalist. His lifelong affair with his beloved Africa resulted in much of his energies being devoted to various conservation activities. It is therefore entirely appropriate that this small exhibition in his memory should serve to raise money for the World Wide Fund for Nature (W.W.F. S.A.). One hundred percent of the proceeds from sales will be donated to the W.W.F. (S.A.) Campaign 2000.

Many thanks must go to all the artists who have donated their work for this exhibition. Their marvellous gift will go a long way to ensure that W.W.F. (S.A.) can respond effectively to limit the environmental damage that humankind increasingly inflicts on our beautiful South Africa.
